In re Application of Shahoian et al. :  
Application No. 10/689,130 : DECISION ON APPLICATION  
Filed: October 20, 2003 : FOR PATENT TERM ADJUSTMENT  
Attorney Docket No. IMM151 :  
:

This is a decision responding to the "Request for Reconsideration of Patent Term Adjustment Determination" filed December 9, 2011, which is being treated as a petition under 37 C.F.R. § 1.705(b) requesting the initial determination of patent term adjustment be corrected from one thousand six hundred eleven (1,611) days to five hundred forty-one (541) days.

The petition is **granted**.

The Office has updated the Office's PALM database to reflect the correct Patent Term Adjustment determination at the time of the mailing of the Notice of Allowance is 541 days. A copy of an updated PALM screen showing the correct determination is enclosed.

The Office mailed a Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the application advising Applicants of a patent term adjustment to date of 1,611 days. In response, Applicants timely filed the instant petition with payment of the issue fee.

Applicants indicate the Office improperly calculated a 1,031-day period of Office delay and a 39-day period of Office delay.

Issue 1

The 1,031-day increase in patent term adjustment was entered under 37 C.F.R. § 1.703(a)(4), which indicates the period of Office delay includes:

The number of days, if any, in the period beginning on the day after the date that is four months after the date an appeal brief in compliance with § 41.37 of this title was filed and ending on the date of mailing of any of an examiner's answer under § 41.39 of this title, an action under 35 U.S.C. 132, or a notice of allowance under 35 U.S.C. 151, whichever occurs first[.]

In this case, the Office filed an examiner's answer within four months of the submission of the appeal brief. Therefore, the Office agrees the Office's entry of the 1,031-day increase in patent term adjustment was improper.

Issue 2

The 39-day increase in patent term adjustment was entered under 37 C.F.R. § 1.703(a)(5), which indicates the period of Office delay includes:

The number of days, if any, in the period beginning on the day after the date that is four months after the date of a final decision by the Board of Patent Appeals and Interferences or by a Federal court in an appeal under 35 U.S.C. 141 or a civil action under 35 U.S.C. 145 or 146 where at least one allowable claim remains in the application and ending on the date of mailing of either an action under 35 U.S.C. 132 or a notice of allowance under 35 U.S.C. 151, whichever occurs first[.]

The Board decision affirmed the examiner's rejection of all the pending claims. Therefore, the Office agrees the Office's entry of a 39-day increase in patent term adjustment was improper.

Conclusion

In view of the prior discussion, the correct patent term adjustment at the time of mailing of the notice of allowance is 541 days

Submission of the \$200.00 fee set forth in 37 C.F.R. § 1.18(e) is acknowledged. No additional fee is required.

Applicants are reminded that any delays by the Office pursuant to 37 C.F.R. §§ 1.702(a)(4) and 1.702(b) and any applicant delays under 37 C.F.R. § 1.704(c)(10) will be calculated at the time of the issuance of the patent and applicants will be notified of the revised patent term adjustment to be indicated on the patent in the Issue Notification letter that is mailed to applicants approximately three weeks prior to issuance.

The Office of Data Management has been advised of this decision. This matter is being referred to the Office of Data Management for issuance of the patent.

Telephone inquiries specific to this decision should be directed to Senior Petitions Attorney Steven Brantley at (571) 272-3203.
